ABOUT ME

A dedicated Software Engineer Fueled by my passion for technology, I have mastered skills in Spring Boot, React.js, HTML, CSS, JavaScript, and the MERN stack, allowing me to contribute effectively to both front-end and back-end projects. My commitment to fostering a collaborative working environment and my enthusiasm for problem-solving set me apart as a valuable team player.

EXPERIENCE

IT Lab Assistant

June 2025-december 2026

- Supported students and faculty by providing technical assistance with hardware and software issues, enhancing their learning experience.
- Assisted in maintaining and managing the IT lab environment ensuring all equipment and software were functional and up-to-date.
- Collaborated with instructors to prepare materials for classes and assist in instructional activities, fostering a productive learning atmosphere.
- Developed and maintained documentation for lab procedures and troubleshooting guides, improving accessibility for users.
